

# The Ashley Foundation's Security Statement

## Data security

The Ashley Foundation uses a number of mechanisms to protect the security and integrity of your Personal Information. Unfortunately, no data transmission over the Internet can be guaranteed to be completely secure. So while we strive to protect such information, we cannot ensure or warrant the security of any information you transmit to us and you do so at your own risk. Once any Personal Information comes into our possession, we will take reasonable steps and all other precautions required by law to protect that information from misuse and loss and from unauthorised access, modification or disclosure.

We protect all customer data against unauthorised access. We use secure technology, privacy protection controls and restrictions on employee access to safeguard your personal information. When you visit this site, our system automatically notes which browser and Internet Provider (IP) you used to access our site. We collect this navigational information to help us to design our pages so that we can provide our customers with the best shopping experience possible.

## No cookies

The Ashley Foundation Website does not use 'cookies', which are small text files, which are placed on your hard drive by some websites to store information. If you have any questions regarding The Ashley Foundation Security Policy, you can e-mail us at:
